TPM Program - Some Feedback from the participants

Superb faculty with exceptional teaching skills. Memorable and lifetime experience. Priceless course contents with great value addition.

- Vinod G Nair, VSSC, ISRO

Superb program, superb faculty, 100% satisfied. The programme was arranged nicely. There is lot of contents in TPM which is priceless. It must be kept mandatory for any engineer to first go through this course.

- P R Parate, IOC

Excerpts from NITI Aayog Task Force Report on Project & Program Management

"The curriculum to address following knowledge areas for project management and should consider the project from concept to commissioning encompassing all life cycle phases i.e. Conceptualize, Plan, Organize, Implement, Control, Integrate, Deliver/closeout and Knowledge Leverage".

Totality of Project Management is in line with NITI Aayog's above recommendations

ISO/IEC 17024:2012
Accredited Personnel Certification Body

Certificate In Project Management (CIPM) is ISO/IEC 17024:2012 accredited. CIPM exam is administered by International Institute of Projects & Program Management (i2P2M).

i2P2M is only certification body in India to have ISO/IEC17024:2012 accreditation for CIPM.

"What makes Certificate In Project Management (CIPM) program world class is its comprehensive syllabus covering 8 project life cycles phases, 36 knowledge areas and 117 concepts with an extremely robust certification process. I myself have gone through the CIPM and in my opinion, it should be a pre-requisite for all PM professionals globally."

- Prof. Dr. B. Nag, IIM Calcutta (2015)

"Eight project life cycle phases cover the totality of the PM profession and it is well structured methodology."

- Dr. Vladimir Voropajev, President, Russia project Mgmt. Association (2007)

"CIPM will be a major step forward for the profession and for the enterprises to create a common understanding in managing change."

- Dr. Hiroshi Tanaka, President, Project Management Association, Japan and PM Advocate of JGC Corpn. (2007)

- i2P2M administers the Certificate In Project Management (CIPM) exam, an ISO/IEC 17024:2012 accredited. The syllabus of CIPM exam is in aligned with the NITI Aayog's recommended project management curriculum. **There is no other PM institution including PMI, which is in compliance with the salient recommendations of NITI Aayog as can be seen from the excerpts mentioned above.**

- The Certificate In Project Management (CIPM) administered by i2P2M is the only ISO/IEC17024:2012 accredited PM credential from Quality Council of India. i2P2M being a certification body demonstrates adherence to internationally recognised practices and builds trust amongst stakeholders.

- CIPM exam is the most robust exam amongst other PM certification bodies. Exam has negative marking for wrong answers unlike any other PM certification bodies. Further, exam paper has 4 sections and candidates need to pass each section independently as well as the entire paper. **i2P2M is the only one globally having such a rigour.**

- **CIPM fee is only 22%** of some of the knowledge based PM certifications like PMP from PMI.

(International Accreditation as per ISO/IEC 17024:2012)

ISO/IEC 17024:2012 is an international standard developed by the International Organization for Standardization (ISO) that sets criteria for the certification of personnel. ISO/IEC 17024:2012 is a globally recognized framework for the certification of individuals to ensure their knowledge, skills, and competencies meet the required standards.

ISO/IEC 17024:2012 provides a framework for ensuring consistency, credibility, and quality in certification programs. By complying with this standard, certification bodies can demonstrate their adherence to internationally recognized practices and build trust among all stakeholders.

CIPM exam methodology is most robust amongst the other global PM certification bodies that award a knowledge based PM certificate. CIPM is the only certification at a global level which has negative marking. i2P2M's mission is to make learning more meaningful which can be applied in practice. CIPM exam is based on the syllabus of the Totality of Project Management (TPM) which is in line with NITI Aayog's recommendations for project management curriculum.

i2P2M is the only certification body in India to give individuals the Certificate In Project Management (CIPM) credential.
